

Healthcare Committee

Health is an important driver for wealth and economic growth. Representing various sectors of the healthcare industry, AmCham EU's Healthcare Committee contributes to ongoing EU policy and legislative discussions to support the EU health agenda towards affordable, sustainable and innovative health systems. It aims to be a reliable policy partner to EU policymakers and stakeholders and helps to ensure that healthcare-related policies add value to the entire healthcare ecosystem, benefitting patients across Europe.

Key priorities for 2018:

1. Strengthening Europe's competitiveness through life sciences
2. Safeguarding intellectual property (IP) incentives to drive innovation
3. Value-based healthcare to foster safe and sustainable health systems
4. Unleashing the potential of health technologies
5. Fight against Antimicrobial Resistance (AMR)
