The Transatlantic Economy 2025

The annual survey of transatlantic jobs, trade and investment

AmCham EU, in partnership with the U.S. Chamber of Commerce, will launch a new edition of *The Transatlantic Economy* in March 2025. The annual survey presents the most up-to-date facts and figures about the EU-US economic relationship. The research is conducted independently by leading experts Daniel Hamilton and Joseph Quinlan. The report features dedicated profiles for 30+ European countries and all US states, providing new insights into the deep ties that bind Europe and the US.

The 2025 edition will address key issues driving the agenda on both sides of the Atlantic: the future of the EU-US trade and investment following a year of elections, emerging issues in sustainability and digital policy, relations with China, de-risking strategies and more.
